

# AF2000

## INDUSTRIAL GRADE AIR PURIFIER

Designed to handle high concentrations of chemicals, gases, odors, and particles, AF2000 delivers superior air quality for healthcare facilities.

CLEAN AIR is the key factor in creating a safe environment for patients and staff

The hospital and healthcare environments require high quality air management solutions to protect patients and staff against infections and occupational diseases.

Our units offer complete air purification solutions against airborne microorganisms (bacteria, viruses, and fungal spores), gaseous contaminants, chemicals and odors.
